## UPDATE

*Please make plans to avoid EASTBOUND SR-60  
this weekend in the Moreno Valley area.*

### STATE ROUTE 60 EMERGENCY WEEKEND CLOSURE

**Moreno Valley** – Caltrans will begin an emergency project to reconstruct the bridge girder on eastbound SR-60 at Moreno Beach Drive as a result of being hit by an oversized load. In order to complete the bridge repairs a full freeway closure on the eastbound side is necessary. This emergency repair work should be completed over the weekend. Also, please keep in mind that ongoing construction in the vicinity has the eastbound SR-60 connector to eastbound I-10 reduced to one lane. Traffic in this area can become very congested, especially on weekends. Caltrans recommends using alternate routes for travel east of Calimesa.

LOCATION	DATE	TIME	CLOSURE
Eastbound SR 60 Moreno Beach Drive, Moreno Valley	Friday, 1/8, 8 pm to Monday, 1/11, 5 am	Friday, 8 pm until Monday, 5 am	<b>FULL CLOSURE</b>  (eastbound direction only)  <b>Detours signs will be posted.</b>

**Motorists are advised to know before you go and choose alternate routes before you travel. USE I-10 TO TRAVEL EAST OF THE PROJECT LOCATION.** Efforts are being made to accelerate the work and reopen the highway as soon as possible.

**If you travel to the project limits you may be directed back westbound on SR-60 to alternate routes.**

Detour signs will be posted throughout the project limits for your convenience. Visit [www.caltrans8.info](http://www.caltrans8.info) for information on other Caltrans, District 8 projects. Click on "News and Document Center" or contact us at (866) 383-4631.
